Our museum is an all volunteer organization. The North Alabama Railroad Museum (NARM) is an Equal Opportunity organization open to all individuals, 18 years old or older, who share an interest in railroads and enjoy the preservation of railroad history.

Established in 1967, the North Alabama Railroad Museum has evolved from a small club to a museum operating a five-mile railroad. The museum is located on the grounds of the historic Chase Nursery and is dedicated to the preservation of railroad history in the North Alabama area.

Work session for members are on Wednesdays and Saturdays beginning at 8:00AM. Business meetings are held once a month on certain Saturdays as listed in the newsletter.

Membership Application

North Alabama Railroad Museum

Preserving the History of Railroading

An invitation for you to become a member of our organization and a part of active railroading and railroading history.

About The Museum

This is your invitation to join our museum. Members of the North Alabama Railroad Museum

(NARM) love trains and are dedicated to preserving the railroad history of the North

Alabama area. Founded in 1966 as the Muscle Shoals Railroad Club, the organization has grown in scope and membership. Incorporated in 1967, NARM is recognized by the IRS as a non-profit educational 501 (c) (3) organization and all donations are tax deductible. The nearly 150 members come from every walk of life and while most live in North Alabama, many live in other states throughout the U.S.

The objectives of our museum organization include:

- ✓ The collection, preservation and restoration of railroad materials such as timetables, photographs, brochures, books, and other railroad artifacts.
- ✓ The preservation of information, maps, drawings and related materials dealing with area railroads.
- ✓ Promoting, developing and operating a railroad museum
- ✓ The operation of a full size five mile tourist railroad and its right-of-way.
- ✓ Educating the public on the role and history of this country's railroad systems.

- ✓ Promoting safety and preventing the unsafe practicing of trespassing on railroad property.
- ✓ Promoting driver safety at all railroad grade crossings.

Our museum is a member of the HeritageRail Alliance (formerly ATRRM). This organization fosters the development and operation of these unique preservation efforts through education, research, and the free exchange of information among members. Members may attend conventions sponsored

each year by this organization. NARM is also a member of the Southern Railway Historical Association as well as the L&N Historical Society. We are located at 694 Chase Road in the community of Chase, Alabama just northeast of Huntsville. Close to 30 pieces of major rail equipment including passenger and freight cars and five locomotives have been preserved and are being restored. Five miles of the 1887 Huntsville branch of the N.C. & St. L. line have been purchased and are in operation.

We are involved in a number of activities. Some of these include:

- Publication of a periodic newsletter covering museum projects, excursion schedules and general rail news.

- Regular work sessions for the restoration of equipment on Wednesday and Saturday mornings unless otherwise noted.
- Regular maintenance, landscaping and beautification of museum grounds.
- Presentation to schools, clubs and civic groups on rail history, rail safety and the museum's excursion programs.
- The museum has for its members the annual "Christmas on the Train" party.
- Publication of books documents and papers dealing with railroad history.
- Operating a museum at Chase - members serve as tour guides, operate concession booth, sell souvenirs, prepare exhibits, operate the train, etc.

If you love trains and agree to support the objectives of the museum, we invite you to join the North Alabama Railroad Museum. Your membership card is your pass to a unique opportunity to experience nearly every aspect of railroading from small-scale models to full size equipment.

There are research projects, restoration activities, exhibit design and construction, good fellowship, socials and excursions. If this sounds interesting to you and you would like to become a part of this effort, then fill out the application on the back of this brochure and mail it with your check today to the address given elsewhere in this brochure. We need your help and we'd love to have you join us !.
